Getting Started

1. Assign users and groups

Provide specific users and groups access to the applications

[Assign users and groups](#)

2. Provision User Accounts

You'll need to create user accounts in the application

[Learn more](#)

3. Conditional Access

Secure access to this application with a customizable access policy.

[Create a policy](#)

4. Self service

Enable users to request access to the application using their Microsoft Entra credentials

Add or remove favorites by pressing Ctrl+Shift+F
