Enable policy

Report-only On Off

⚠ Policies in Report-only mode requiring compliant devices may prompt users on macOS, iOS, Android, and Linux to select a device certificate. [Learn more](#)

☒ Exclude device platforms macOS, iOS, Android, and Linux from this policy.

☐ Proceed with selected configuration. Users on macOS, iOS, Android, and Linux may receive prompts when the device is checked for compliance.

⚠ It looks like you're about to manage your organization's security configurations. That's great! You must first [disable security defaults](#) before enabling a Conditional Access policy.
